OUR VISION

is to create an environment for members to become globally competitive exporters by facilitating conversations, information and collaboration in the Eastern Cape export market.

What we do

Exporters Eastern Cape is the only regional organisation dedicated exclusively to supporting and advancing export businesses in the Eastern Cape. We connect like-minded, export-focused companies through trusted relationships, peer collaboration, and shared experience - opening doors to new markets, export partners, and business opportunities.

How we operate

With regional representation and a focused business lens, we tackle the real pain points facing exporters: limited information, logistics challenges, and lack of scale and training. Through collaboration, recognition, and strategic connection, we champion the success of our members and the Eastern Cape's position on the global stage.

OVERVIEW OF THE ORGANISATION

- » Established in 1980
- » Not-for-profit, member-based organisation
- » For individuals and companies involved in direct or indirect exports
- » Serving the Eastern Cape, Southern Cape, and Klein Karoo regions
